

Step by Step - You Play a Part

The Myrtle Beach Woman's Club, in conjunction with the City of Myrtle Beach, has built a lush and lovely ocean front park at 5400 North Ocean Boulevard which is known as the Myrtle Beach Woman's Club Gardens by the Sea. The gardens are a spot for quiet reflection and remembrance, as well as, recreation and relaxation...an outstanding addition to the cabana section of our community. You have the opportunity to play a distinct part in the beauty of these gardens by purchasing a paver, inscribed with the name of your choice, in one of the five walkways.

The Myrtle Beach Woman's Club Gardens by the Sea encompasses:

- A children's playground
- A rose garden
- The Woman's Club Memorial Fountain
- Rinse showers and restroom facilities
- Walkways which honor pets and loved ones
- Picnic and sunbathing areas
- A cabana with shaded seating
- Water fountain, including pet drinking dish
